

Notes on the Graphics of Machine Forces

By Robert C H Heck

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the PREFACE THESE notes are intended to serve as text for a graphical course which has hitherto been based upon Herrmann's Graphical Statics of Mechanisms. To the latter text there are the objections that it does not set forth the fundamental mechanical principles clearly enough for students with the usual degree of effective preparation, and that it wastes entirely too much space on detailed and repeated explanations of examples. The problems in this course are in the shape of good-sized drawings of machines-on sheets about 20 in. by 27 in.-which are reproduced from tracings as positive prints, with dark lines on a light ground. The student is thus saved the labor of mere drawing, and at once takes up the force determination. On the drawing there is room for such special notes and suggestions as may be called for; but the emphasized purpose is to have the student think for himself, with needed help and suggestion from the instructor, and not follow a ready worked example. In section J are added some special force constructions which...
