Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

TABLES TURNED

Createspace, United States, 2015. Paperback. Book Condition: New. Pamela Delaney (illustrator). 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The nation is rocked to its very core following a civil war as the highest court in the land considers whether the United States Constitution is the organic law of the country, or a complete sham. Can Republican Radicals who have taken over the legislative and executive branches of the government; removed a sitting President; and enacted an amendment to the Constitution which allows for the enslavement of former slave owners perpetrate one of the most horrendous injustices upon the nation ever attempted by any government, or will a backwoods lawyer from the former confederate state of Tennessee be their undoing? This is the question which faces eight members of the United States Supreme Court. Henry O Day, a lawyer-planter widower with a teen aged daughter, owns a small plantation on the Cumberland Plateau in Tennessee in 1860. He secretly is a part of the Underground Railroad, sending runaway slaves north. While he is on a journey to Jackson, Mississippi to rescue a slave woman (the wife of one of the Negroes on his plantation) who has been taken from Crossville, Tennessee to be sold, Republican radicals in Congress are planning to pass punitive legislation which will insure that plantation owners who continued to keep slaves after President Lincoln announced the Emancipation Proclamation will have their lands confiscated and given to their former slaves. In...
