## THE GOD EQUATION

Lulu.com, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.It has long been the desire of philosophers to have a way to express their ideas in terms of mathematical equations. The God Equation attempts to do just that. It starts out analyzing the philosophical question in biological terms of survival and evolutionary trends. It then proposes an equation for the concept of a God based on the ability of humans to cooperate or compete. In doing so, Hassan Rasheed has been able to bridge the long standing gap between evolution and religion. It is hoped these two subjects of study and worship can now coexist in harmony; a long lasting desire of many. Hassan Rasheed brings his ideas of God through a shift of thinking to a wider audience by conveying clear science in an engaging narrative for non-science majors and adds questions for the student to prompt critical analysis.
